

# Frequency compositions of the micro-organisms (state: 20.11.2009)

No.	Names	No.	Names
20,1	Bacterial defence strepto- / enterococcus	149,32	Virus defence influenza type A / H5N1
20,11	Bacterial defence spirillaceae	149,4	Virus defence herpes EBV, type MS
20,12	Bacterial defence bordetella pertussis	149,5	Virus defence parainfluenza
20,13	Bacterial defence salmonella	149,6	Virus defence perk
20,14	Bacterial defence helicobacter	149,7	Virus defence rhinitis
20,15	Bacterial defence borrellia	149,8	Virus defence papilloma
20,16	Bacterial defence yersinia	149,9	Virus defence psoriasis
20,17	Bacterial defence listeria	150,0	Virus defence parvo
20,18	Bacterial defence putrefactive bacteria	150,1	Virus defence AZH
20,19	Bacterial defence pseudo monas	150,2	Virus defence pancreas
20,21	Bacterial defence haemophilus	150,3	Virus defence paramyxo
20,22	Bacterial defence N.N., vocal ligaments 1	150,4	Virus defence Borna
20,23	Bacterial defence N.N., vocal ligaments 2	150,5	Virus defence FSME (ticks)
20,24	Bacterial defence mycobacterium	150,6	Virus defence herpes simplex / zoster
20,25	Bacterial defence mutant streptococcus	150,7	Virus defence hepatitis B / D
20,26	Bacterial defence klebsiella	150,8	Virus defence hepatitis C / G
20,27	Bacterial defence escherichia coli	150,9	Virus defence HIV
20,28	Bacterial defence clostridium	151,0	Virus defence herpes morbus crohn
20,29	Bacterial defence bacillus	151,1	Virus defence herpes cytomegaly
20,31	Bacterial defence pain bacteria	151,2	Virus defence Chikungunya
20,32	Bacterial defence rickettsia	151,3	Virus defence retro HTLV
20,33	Bacterial defence legionella	151,4	Virus defence hepatitis A
20,34	Bacterial defence chlamydia	151,5	Virus defence hepatitis E
20,35	Bacterial defence staphylococcus aureus	151,6	Virus defence rota
		151,7	Virus defence noro
20,7	Flea defence	151,8	Virions
20,8	Mite defence		
20,9	Protozoa defence (i.e. lamblia intestinalis)	219	Dermatophyte defence
		273	Fungal infection defence, concealed
57	Yeast fungus defence candida	309	Yeast fungus defence pityrosporum ovale
		310,1	Parasite defence helminths / leeches
149,1	Virus defence adeno	310,2	Parasite defence strongyloid threadworms
149,2	Virus defence herpes genitalis	310,3	Parasite defence Leishmania
149,3	Virus defence influenza type A	310,4	Parasite defence Pneumocystis carinii
149,31	Virus defence influenza type A / H1N1	455	Blood parasites defence
